CHARGING

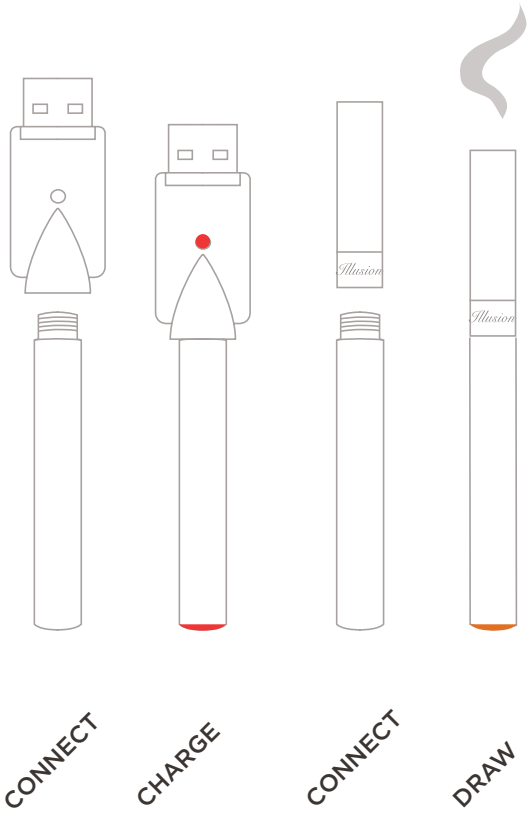
- Connect the USB charger to the battery.
- Tighten until secure. Do not overtighten.
- Plug it into a suitable power source (computer or adapter).

Red light = charging
Green light (or off) = fully charged
Charging time: approx. 2–3 hours

SETUP & USE

- Remove protective caps from the replacement filter.
- Attach the replacement filter to the battery using the threaded connection. Tighten gently until secure. Do not overtighten.
- Draw gently to activate the device.
- Vapour effect is produced instantly.
- The device switches off automatically when not in use.

Tip: Test with one draw before going on stage or recording.



HYGIENE & PERFORMANCE

For best hygiene and performance:
We recommend using a new replacement filter for each performer and, where possible, for each performance.

RECHARGING

Recharge the battery when the light starts blinking.

REPLACEMENT FILTER REPLACEMENT

Replace the replacement filter when the visible stage effect becomes noticeably reduced.
Do not open, modify or refill the replacement filter.

Stage Props products are intended exclusively for professional theatre, film, television and live productions. They are not consumer products and are not intended for recreational or personal use.
